**PROJECT: ASPHALT OVERLAYS PROJECT – 2010**

**SCOPE OF WORK:** Provide an approximate one inch S-III asphalt overlay of approximately 3124 tons on City streets. See attached Part I identifying streets proposed for the asphalt overlay. Provide and install approximately 52 sanitary sewer manhole risers, 22 valve box adjustments with concrete collars, and associated thermoplastic striping/pavement markings. The Contractor shall provide Maintenance of Traffic in accordance with the 600 series Index of the Florida Department of Transportation Design Standards, 2008 Edition.

All connections to existing pavement shall be milled a minimum of 3 ft wide for a butt joint. The joint shall be straight edged and meet the requirements of the Florida Department of Transportation Standard Specifications for Road and Bridge Construction, 2007 Edition. Note: All work on Old 41 Road must occur during nights only (from 7:00 PM to 6:00 AM).

Contractor shall furnish all materials, equipment, labor, and incidentals to complete the project.

Substantial Completion: 60 days following Notice to Proceed. Final Completion (includes final site clean-up): 75 days following Notice to Proceed.

**QUALIFICATION OF BIDDERS:** Bids will be considered only from firms or individuals that have been in business a minimum of five (5) years and completed similar projects. Bidders shall be properly qualified and, as applicable, hold contractor's licenses, certifications and registrations as required by State Statutes and City and County ordinances at the time of submission of the bid, and shall submit pertinent documentation to evidence valid licenses, certifications, and registrations prior to contract award, including a Lee County business license (f/k/a occupational license). Contractor must be registered with E-Verify in order to perform services for the City of Bonita Springs. In addition, per City of Bonita Springs Ordinance No. 09-04, preference is given to local businesses. For details, see Sections 19 and 20 of the General Conditions, pages F-6 and F-7.

The CITY will require a Public Construction Bond on this project. A Bid Security shall also be required.
