

**Memorandum**  
from the  
City of Bonita Springs  
Public Works

Date: July 1, 2010

To: Mayor, City Council, and  
Bonita Springs Chamber of Commerce

From:   
James A. Melton,  
Public Works Senior Project Manager

Re: *Monthly Update of Road Construction Projects*

---

**WEST TERRY/PINE AVENUE WIDENING:** The design firm has received the Stormwater Permit from South Florida Water Management District (SFWMD). Design is approaching 100% completion. Project Consultant has completed sketches and descriptions of easements required.

**SHANGRI- LA ROAD EXTENSION TO IMPERIAL PARKWAY:** The extension from Windley Key Terrace to Imperial Parkway is in the design phase and partial construction of the storm drainage system. Construction of the drainage system from Shangri La Road to Old 41 Road is under way. This construction is to relieve some flooding in the Tropic Acres area, until total construction of the road improvement project is completed. The Consultant is working towards completing the project design and acquiring permits.

**BONITA BEACH ROAD WIDENING (EAST OF I-75):** Project has been completed.

**BONITA BEACH ROAD/I-75 INTERCHANGE IMPROVMENTS:** Design plans are 100% complete and appropriate permits have been secured. Crews began work in mid-June to place erosion control and install signage. Milling and resurfacing, as well as temporary striping is complete, and traffic has been shifted towards the median. Pedestrian traffic has been shifted to the south side of Bonita Beach Road. Clearing and grubbing continues for pond sites. Crews are relocating utilities on the south side of Bonita Beach Road. Informational flyers were mailed to property owners/tenants in the area, and the Public Information Team are communicating with many of the gated communities that use the interchange. Crews will not be working on Monday, July 5<sup>th</sup> in observance of Independence Day.

**BONITA BEACH ROAD WIDENING (OLD 41 ROAD TO LIME STREET):** A timetable for construction is unknown at this time.

**IROX I-75 ROAD EXPANSION PROJECT (6 LANE):** Improvements within our City Limits have been completed, but work continues in the Fort Myers area. Lane closure information is available at [www.irox75.com](http://www.irox75.com). Travel information and estimated travel time through the construction zones is available by dialing "511" on a cell phone or landline.
